EDUCATION

University of Illinois Urbana Champaign
B.S. in Computer Science + Geography/GIS

Champaign, Illinois
Expected Graduation, May 2029

GPA: 3.90/4.00

Related Coursework: Discrete Structures, Data Structures

Adlai E Stevenson High School

Lincolnshire, Illinois
Aug 2021 — May 2025

GPA: 3.95/4.00, *Highest Honor Graduate*

Related Coursework: Data Structures & Algorithms, AP Computer Science A, MultiVariable Calculus, Linear Algebra

EXPERIENCE

Vibe Checker (Chrome Extension for Real-Time Sentiment Analysis) **Urbana, Illinois**

Backend Developer.

Jan 2026 – April 2026

Building a chrome extension with a team of 6 people that performs real-time sentiment analysis on user-selected text across any webpage

Preprocessed and cleaned >50K textual datasets using Pandas and advanced regular expression (Regex) techniques

Fine-tuned a DistilBERT transformer model achieving 94% accuracy on sentiment analysis

Hosted application on Modal using serverless GPU infrastructure

Agri -Sense

Urbana, Illinois

Frontend Developer.

Oct 2025 – Nov 2025

Collaborated with a team of 7 developers to build the UI for a web application that collects real-time plant sensor data and provides plant care recommendations

Developed a reusable card component using React.js and CSS to display plant metrics such as temperature, pH, and humidity

Integrated a Flask REST API with the card component to fetch and display plant data

Code Ninjas

Buffalo Grove, Illinois

Code Sensei + Summer Camp Leader

June 2024 – Aug 2024

Led week long summer camps for 30+ kids grades K - 8th

Taught JavaScript fundamentals as well as the LUA coding language via video game development such as Roblox

Introduced students to coordinates, vectors, and other fundamentals of game development

Worked with Head Sensei and location manager to develop and enhance the camp's curriculum

ACTIVITIES AND LEADERSHIP

Geography Club.

Lincolnshire, Illinois

President

Aug 2023 – May 2025

Leader of an executive board of 10+ members, hosted geography competition with 40+ participants,

led teams to compete in local competitions, Initiated collaborations with other clubs such as Model United Nations

Collaborated with Stevenson High School's, Director of Student Activities and other peer

leaders to discuss concerns over the student body and community

SKILLS

Languages: Python, Java, C++, R, JavaScript, React.js, HTML, CSS

Libraries: PyTorch, HuggingFace, Pandas, Regex, Numpy, Transformers

Tools: Modal, FastAPI, DistilBERT, Git, GitHub
